SEVEN FIREMEN OVERCOME

Small Fire at Minneapolis Imperils
Their Lives.

Minneapolis, Aug. 28.—Seven Minneapolis firemen were overcome by smoke at a fire in the shaving shed of the C. A. Smith Lumber company. Two of them are now confined to their homes while the others after receiving medical attention were able to return to their engine houses. The fire itself was soon subdued. The damage was not more than \$1,200.

The men who were overcome are: Lieutenant Edward Llewellyn, Pipeman Henry R. Weekly, Pipeman Guy Lillie, Captain Livingston, Lieutenant William Volkert, Pipeman John Sineo, Fred Hokeson.

The blaze started in the largest shaving shed of the company, and for a time it was feared that the entire plant would be burned. The fire department made a heroic effort to save the highly inflammable material in the surrounding buildings and to confine the flames to the shaving shed. In that they were finally successful.

HAVOC WROUGHT BY RAINS

Thousands of Houses Submerged and
Many Lives Lost in Japan.

Tokio, Aug. 28.—The havoc wrought by the torrential rains in the central provinces during the past few days is assuming alarming dimensions. In the Gumma prefecture alone over 18,000 houses have been submerged, 49 lives are known to have been lost and 250 persons are missing.

RAILWAY RATE CASE

Judge Pritchard Hands Down
His Opinion.

UPHOLDS HIS JURISDICTION

Decision Says State Legislatures Have
No Power to Deprive Federal Courts
of Jurisdiction or Citizens of Their
Constitutional Rights.

Asheville, N. C. Aug. 28.—Judge Peter C. Pritchard in the United States circuit court Tuesday handed down his opinion in the case of the Southern railway vs. Franklin McNeil and others in which some time ago he enjoined the corporation commission from making and publishing a passenger rate of 2 1/4 cents a mile under the provisions of the act of 1907.

The opinion was a lengthy one and in it Judge Pritchard set forth in detail reasons for his recent decision and gives a full statement of the contentions of both the parties.

Judge Pritchard upholds the jurisdiction of his court in the issuance of the recent injunctions against officials during the railroad rate controversy and declares that the suit is not one against the state within the meaning of the Eleventh amendment to the federal Constitution. That amendment holds the judicial power of the United States shall not extend to any suit against a state by citizens of another state.

The decision says that a state legislature cannot so frame an act as to deprive a citizen of a right vouchsafed him by the federal Constitution. It does not possess the power "to deprive this court of its jurisdiction and the sooner those questions are definitely determined the better it will be for all parties concerned."

The opinion shows that the laws of North Carolina especially provide upon what terms an injunction shall be granted to suspend rates, pending litigation, or involving the confiscatory nature of such rates; that the statutes of North Carolina expressly authorize the course pursued by the courts when freight rates are involved, but do not even require a bond for such injunction when passenger fares are in litigation.

TAFT'S TRAIN WRECKED.

Secretary of War Not Injured in
Way Accident.

Kansas City, Aug. 28.—Delayed several hours by the wreck of his train at Spring Hill, Kan., Secretary of War William H. Taft arrived in this city at 10 o'clock Tuesday night where a public reception was held in his honor at the Hotel Baltimore. A crowd waited for the arrival of the secretary and for more than an hour he was kept busy shaking hands.

The wreck of the secretary's train, passenger No. 12 on the St. Louis and San Francisco railroad, interrupted traffic and the secretary and party were forced to remain at the little village of Spring Hill until a special car was sent from here for them.

None of the passengers or trainmen were hurt. A switch flew open after the engine and baggage car had passed. The mail car was derailed and dragged 500 feet over the ties. The passengers were shaken up, although the train was running slowly. Secretary Taft aided in reassuring timid passengers.

PASSENGER TRAIN WRECKED

One Man Killed and Seven Other Persons
Badly Injured.

Charleston, Ill., Aug. 28.—One man was killed and seven passengers were dangerously injured in the wreck of a Clover Leaf passenger train at Bowman, twelve miles north of here. Two cars jumped a switch and crashed into a box car. P. E. Cookling of Texas, Kan., was instantly killed. The injured are:

Edward Ross, Kentland, Ind., head cut and internally injured; G. Provato, New Douglas, Ill., head badly bruised; Nelson Anderson, Ashmore, Ill., head bruised, leg broken; J. N. Greene, Dana, Ind., ribs broken; James Green, Dana, Ind., leg and head injured; Charles Williams, Toledo, O., head seriously cut; Farley Ferguson, Ashmore, Ill., legs crushed.

The injured were taken to Brookton and Charleston.

Body Head on the Track.

Wasson, Minn., Aug. 28.—O. Omundson, 17-year-old, committed suicide by placing his head on a rail of the Minneapolis and St. Louis railroad. He was struck by the north-bound passenger train. He was despondent.

Nelson Morris Is Dead.

Chicago, Aug. 28.—Nelson Morris, the well known packer, died during the day after an illness of several weeks. Mr. Morris was a victim of heart disease complicated with kidney troubles.

DIRECT TESTIMONY ENDED

Cross-Examination of Southern Railway
Official Begun.

Washington, Aug. 28.—The direct testimony of Comptroller Plant of the Southern railway in the North Carolina rate hearing was completed Tuesday and considerable progress was made in the cross-examination, which was conducted by Former Congressman Woodward.

Most of the forenoon session was taken up with questions by the North Carolina state counsel concerning reports made by him to the North Carolina corporation commission of the operation of the Southern railway in that state. Mr. Woodward pressed his questions so strongly that Mr. Plant said he felt called upon to ask the protection of the master in chancery. Mr. Plant asserted that Mr. Woodward asked him questions for the evident purpose of drawing erroneous conclusions, which he said he did not propose to answer.

Mr. Woodward asked Mr. Plant if there was anything in the railway report to the North Carolina railroad commission for the year ending Sept. 30, 1906, that indicated that the statement of operating expenses incident to intrastate business was an approximation. Upon examining the report Mr. Plant said the report did not show any notation that the figures were approximated. He added that it was a physical impossibility to determine with mathematical accuracy the total amount of expenses of intrastate traffic as distinguished from all traffic.

ARRAIGNED IN COURT.

Alleged Mexican Revolutionists Held
for Trial.

Los Angeles, Cal., Aug. 28.—Three alleged Mexican revolutionists arrested here were arraigned in police court Tuesday, charged with resisting an officer. The trial of Librado-Rivera was set for Sept. 27 and that of Ricardo Magon for Sept. 30. They were held in \$1,000 bail. Attorneys for Antonio Villareal, charged with being a fugitive from justice at El Paso, Tex., made a motion to have his case transferred to the United States district court. Arguments on the motion soon will be heard. Villareal will be tried Sept. 26 on the charge of resisting an officer.

Telegrams were received from the authorities at St. Louis asking that the three men be held for trial in that city. They are accused of jumping bail there in the sum of \$2,500 each, after having been indicted by the grand jury. The attorneys for the men declared:

"There are nothing but trumped up charges to get our clients back into Mexico, where they are wanted for political offenses on which they cannot be extradited."

ENTHUSIASTIC RECEPTION.

Accorded Prince Wilhelm of Sweden
at Providence, R. I.

Providence, R. I., Aug. 28.—The second visit of Prince Wilhelm of Sweden to Providence this week was marked by one of the most enthusiastic receptions ever accorded a distinguished visitor. On his arrival by special train from Boston the prince was met at the station by members of the general committee of Swedish citizens. The party then proceeded to Infantry hall, where a public reception was held.

At the close of the reception, accompanied by the committee and his escort, the prince was driven to the Hope club, where he was entertained at a dinner given in his honor at which were present Governor Higgins, Adjutant Captain Goram, Baron Herman de Lagercrantz and other distinguished guests. At the conclusion of the dinner the prince was escorted to the station by the entire party, where he took the train for New York to visit the president at Oyster Bay.

EVICTED TENANTS BILL.

Finally Passes Both Houses of Parliament.

London, Aug. 28.—The Irish evicted tenants bill finally passed both houses of parliament Tuesday evening in what Chief Secretary for Ireland Birrell called an unopposed form. The peers refused to budge on the main amendments, and in spite of the goods of the Nationalist members, the government elected to accept the mutilated measure rather than abandon the bill entirely.

The principal amendments inserted by the peers deprive the commissioners of the power of turning out the present holders of farms for the purpose of reinstating evicted tenants, and give landlords the right to appeal to the courts against the rulings of the estate commissioners regarding the value of land to be purchased.

Five New Cases of Fever.

Washington, Aug. 28.—Five new cases of yellow fever have broken out at Cienfuegos, according to a dispatch received at the war department from Chief Surgeon Taylor at Marianao, Cuba. The dispatch says that none of these are in the military camps and adds that all of the cases in camp are convalescent.

White suits at half price

We have about

one dozen of these suits left and will sell them so cheaply that you simply cannot afford to ignore them. If you think a moment you will understand that these will make cheap house dresses, if nothing else, although there yet remains weeks of splendid weather for wearing them. They will go as follows:

\$3.50 white shirt waist suits—neatly trimmed \$1.75
\$3.75 white shirt waist suits—neatly trimmed \$1.88
\$4.00 white shirt waist suits—neatly trimmed \$2.00
\$4.50 white shirt waist suits—neatly trimmed \$2.25
\$4.75 white shirt waist suits—neatly trimmed \$2.38
\$5.50 white shirt waist suits—neatly trimmed \$2.75
\$6.50 white shirt waist suits—neatly trimmed \$3.25
\$10.00 Mohair shirt waist suits—neatly made \$5.00

Benefit by our idea

The "MICHAEL'S" idea

of merchandising is to clean up stocks at the end of every season. You will clearly see that these suits will sell at a loss but they must go—why not profit by this selling.

Infernal Machine a Joke.

Philadelphia, Aug. 28.—The explosion of what appears to have been a large percussion cap in a package addressed to Secretary of the Treasury Cortelyou created excitement in the Nicetown sub-station of the Philadelphia postoffice Tuesday. Most of the authorities think the package was mailed as a joke. There was not sufficient explosive matter in it to injure anyone.

Dancing Academy

PROF. MATHERN, Instructor

WALKER HALL

EVERY TUESDAY EVENING

Classes speak for themselves—actions—not words. Professor Mather, formerly representing Pittsburg, Pa's best dancing Academy, offers this rare opportunity for you to connect yourself with the most superior system of correct teaching now in practice. To persons wishing to learn dancing and desiring to learn rapidly and correctly, we guarantee absolute satisfaction.

Those who have failed elsewhere may start here. We guarantee to teach them to dance or accept no fee.

Our methods are based on one thing all the time, that is simplicity. We respect all schools, but we claim, by comparison, that our system is superior. We claim to do the work, actions not words. We profess to be proficient in this line and experienced, and assure our classes patience and civility at all times.

Musicians always in attendance. We teach children society, stage and fancy dancing, and request parents to be present and become convinced for themselves.

Anyone not entirely satisfied we will cheerfully refund tuition at door.

TUITION: Ladies and children 25c; Gentlemen 75c;
Private Class from 7 to 8 p.m. Public Class from 8 to 9 p.m.
Social from 9 till 11:30 p.m.

TESTIMONIAL

To whom it may concern:
Prof. Mather has been in Brainerd for some months past teaching dancing to both children and adults, besides giving some pleasing and unique parties. As an instructor Mr. Mather has no equal in the northwest and while here he has met with remarkable success and earned the good will and appreciation of those attending his classes. We cheerfully recommend him as a teacher and always a perfect gentleman.

Sincerely,
BISMARCK TRIBUNE,

MINNESOTA MAN SLAIN.

Killed by Neighbor in Quarrel Over Boundary Line.

Lakeville, Minn., Aug. 28.—Following a dispute with neighbors over the dividing line between their respective farms, Anthony Brennan, forty-five years old, was shot at 10 o'clock Tuesday morning and died at 4 o'clock in the afternoon. Michael Brennan and his father, M. F. Brennan, were arrested and are now in the Dakota county jail.

The Brennan families, who are not related to each other, live three miles northeast of Lakeville.

It is said that the trouble between the Brennans, originating over the dividing line dispute, is of long standing. Tuesday morning when Anthony Brennan was plowing, M. F. Brennan, father of the man who is charged with the shooting, passed along and quarrelled with Anthony over the land. Later the elder Brennan was joined by his son Michael, and the dispute became more heated and at the height of the discussion Anthony turned to remove the mud and stubble from his plow with a paddle he carried for that purpose.

Just as Anthony was turning to again face his neighbors, the younger Brennan, it is alleged, pulled a revolver and shot three times. One of the shots took effect in Anthony's stomach, another in his leg and the third in his neck. After the shooting Michael Brennan and his father went to Lakeville.

Anthony Brennan's sons, who heard the shooting, hastened to the scene, where they found their father still alive but unconscious. He was removed to his home and medical aid summoned. He did not rally, however, and died at 4 o'clock.

The Brennans were arrested in Lakeville and denied having any knowledge of the tragedy.

TAWNEY DEFENDS CONGRESS

Resents Imputation of Canal Chairman Goethals.

Washington, Aug. 28.—In a letter to Acting Secretary of War Oliver, made public Tuesday, Representative James A. Tawney of Minnesota, chairman of the house committee on appropriations, resents what he regards as the imputation by Chairman Goethals of the Isthmian canal commission and Attorney General Bonaparte that congress failed to appropriate sufficient money to carry on the work of digging the Panama canal to the full capacity of the force on the Isthmus.

Mr. Tawney said he was greatly surprised at the statement of Colonel Goethals that in consequence of the inadequacy of the appropriations to meet expenditures it had become necessary to lay off thousands of men and was more surprised at a reported opinion by the attorney general that under the amendment to the urgent deficiency appropriation act the canal appropriation must be apportioned to certain periods, which apportionment could "not be waived or modified except upon the opening of some extraordinary emergency of unusual circumstances which could not be anticipated at the time of making such apportionment."

Mr. Tawney says "if the attorney general has given an opinion to this effect it is evident that the opinion was given without carefully reading the section referred to. The appropriations for the canal expenditures for the fiscal year 1908 were made in accordance with estimates submitted by the Isthmian canal commission through the secretary of war and with the exception of the amount estimated for the administrative purposes of the canal zone government, the appropriations are equal in amount to the estimates submitted. If, therefore, this section did apply to the canal expenditures, the committee on appropriations in the last congress is in no way responsible for the fact that the appropriations for labor and equipment are inadequate."

Mr. Tawney insisted that the canal appropriations fell within the excepted class in that the construction of the canal was authorized by law and the limit of cost fixed. The canal appropriations are excepted from the provision of law requiring the apportionment of expenditures to certain periods, Mr. Tawney argued, for the reason that the appropriations made for the fiscal year are not only within but far below the limits of cost fixed by law.

DEED OF INSANE MAN.

Drowns His Child While Crazy Over Religion.

Detroit, Aug. 28.—Albert Stemmelen of 270 Baldwin avenue, a bookkeeper for the Wesson estate, became insane Tuesday and taking his two-year-old daughter, Helen to the Belle Isle bridge at night threw her into the Detroit river and watched her drown. Stemmelen's insanity is of the religious order and he believed he was making an acceptable human sacrifice to God for the sins of the world. Leaving the bridge he went to police headquarters and calmly told what he had done. He had no sooner been locked in a cell than the prisoner's wife telephoned the police that the little girl was missing. It then developed that Stemmelen had been talking queerly for about a month and that Tuesday at dinner he began to show symptoms that alarmed his family.

OIL TRUST INQUIRY.

Rockefellers and Rogers May Not Be Asked to Testify.

New York, Aug. 28.—It is quite possible that the government's investigation into the affairs of the Standard Oil company of New Jersey, which will begin here Sept. 3, will be carried on without John D. Rockefeller, William Rockefeller or Henry H. Rogers being called on to testify. Frank B. Kellogg, special counsel for the government, admitted that there was a possibility that the investigation might be confined to the records and books of the company.

Americans at Hakodate Safe.

Yokohama, Aug. 28.—The conflagration that destroyed 70 per cent of Hakodate caused much suffering among those who resided in the burned district. All Americans at Hakodate are safe, including the consul general at Yokohama who is there on an official visit.

PERMANENT HOME
FOR THE DISPATCH

Transfer of the Dressen Building
on Sixth Street Made Today
to Ingersoll & Wieland

BUILDING TO BE REMODELED

Addition will be Constructed in
Rear to Accommodate New
Presses and Machinery

The deal for the purchase of the Dressen building on Sixth street, opposite the postoffice, by the proprietors of THE DISPATCH was closed today and the property passes into the possession of Ingersoll & Wieland. THE DISPATCH has occupied the building temporarily since the fire which destroyed the Sleeper block in June and which had been the home of the paper for 25 years. The building will have to be remodeled somewhat to accommodate the business and an addition will be constructed in the rear to accommodate the new presses and additional machinery which have been purchased but which have not been installed owing to the unsettled condition of a permanent location. They will be shipped at once and will be ready to install as soon as the building is ready to receive them. The printing office will occupy the upper floor, as at present, and the building will be the permanent home of the paper. Soloski & Levant, who occupy the ground floor, have a lease of the same and the sale of the property was made subject to their contract and they will continue to occupy their present quarters.

THE DISPATCH expects to have one of the most complete printing establishments in Northern Minnesota and the new arrangements will give ample room for the growing business. The entire plant is new and up-to-date in every particular and is fully equipped to take care of all classes of printing from a daily newspaper to a calling card.

WANTED

Applications for the position of janitor of the Whittier building will be received at the office of J. R. Smith, secretary of the board of education, up to 5 p. m., Friday, August 30.

MUSIC AND DRAMA

Robertson's Band

O. A. ROBERTSON

Leader of the famous Orchestra Band of Cleveland, Ohio, which plays at the opera house tomorrow night and is one of the best known musical organizations now touring the country. Forty musicians comprise this organization and its instrumentation comprising the wealth of reed and string instruments in addition to the loud voiced brass family makes its tone coloring at times so organ like and at others in the Sousa numbers so widely different and inspiring that one can scarcely conceive how such a contrast of volume can be achieved.

Mr. Robertson being a superb performer on the cornet, wins his audiences upon his own efforts as well as with his marvelous band.

Miss Dorothy Toye, the phenomenal voiced singer, has a world wide reputation and the fact of her songs being accompanied by this entire band would give one some idea of the volume possessed by this wonderful little songbird.

A Messenger Boy

There seems to be the best of reasons for anticipating the appearance of the "Messenger Boy," at the opera house next Monday night, Sept. 2, a comedy drama of more than ordinary interest and merit. While the plot is not complicated, it is interesting and amusing, and serves to introduce a capable company in bright songs, pleasing dances, attractive costumes, and appropriate scenic effects. Miss Beatrice Terry with her delightful sons, has everywhere been the signal for storms of applause. George D. Sweet is a comedian quite out of the ordinary, and the supporting company are all cast in congenial roles. Manager Sweet displayed much care and good judgment not only in selecting the company, but in the manner in which the production is staged and costumed, so that our amusement lovers may safely look forward to plenty of fun and a musical treat next Monday night.

The "Mayor of Tokio"

One of the largest audiences which has gathered in the opera house for a long time greeted "The Mayor of Tokio" Tuesday evening, and all went away well satisfied. There is very little to the plot, just enough of intrigue and love to hang a fine bunch of specialties on. The production was well staged, and while there were no stars of dazzling brilliancy in the cast there were no "dead ones" and every part was taken in a manner which pleased the audience. The singing was good and the ballet was proficient and well costumed and contained an unusually large proportion of pretty maidens. The audience was kept in a roar a large portion of the time and interest did not lag for a moment. The mayor will be accorded a good house if it ever returns to Brainerd.

SELLING OPTIONS
AT NEW YORK MILLS

Many Farmers Giving Options on
Iron Rights to Longyear
Company

MUCH EXCITEMENT UP THERE

Farmers Believe That it will be
a Great Mining Region With-
in Few Years

Special to THE DISPATCH.

New York Mills, Minn., Aug. 27.—The excitement in rural circles over the acquisition of lands in this section for the mineral (iron) rights, continues at a high pitch. Two men representing the Longyear Exploration company of Hibbing, have purchased the minerals rights, with options on the surface of the land from a number of the farmers south of town on whose land mineral are located. The following contracts were made: The company paid the farmers \$2.50 per acre for their mineral rights and an option on their land at the rate of \$1.50 per acre if ore should be found in paying quantities and is mined within four years; also an addition of \$25 per acre if the grain is ruined while drilling. After four years they forfeit the option on the surface of the land, as the law is that they cannot take out ore unless they buy the surface first and then it is up to the farmers to ask what he pleases for the land. If the company does not purchase this land within the four years it goes back to the owner, mineral rights and all.

It is expected that the company will at once begin to develop the land purchased, now that the deals are closed. The farmers all seem to be certain that there is mineral on their farms and are living in high hopes that within the next four years this vicinity will be a great mining locality.

Men Past Sixty in Danger

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Kidney cure I feel better than I have for twenty years, although I am now 91 years old."

NO WEATHER FORECASTS

Owing to the Telegraphers' Strike
Brainerd is not Receiving Weather
Reports at Present

The absence of the daily weather forecast from THE DISPATCH and of the flags on the hose tower is not caused by any dereliction of the newspaper men or city clerk or fireman, but because the forecasts are not received. This is said at the city clerk's office to be because of the commercial telegraphers strike.

It is stated on the authority of a well known Northern Pacific conductor that two messengers with three suit cases and a grip full of messages from Chicago to Minneapolis got on the Northern Pacific passenger train at St. Paul one day last week, having come up from Chicago the night before. The messages, one of the messengers stated, would be delivered by the local delivery boys at Minneapolis.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one cure for deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

THE NATIONAL DAIRY SHOW

Offers Large Cash Prizes to Breeders
of Dairy Stock and a Splendid Place
for Exhibiting Their Cattle

The live stock premium list for the Second National Dairy show, which will be held October 10th to 19th, 1907, at the Amphitheatre, Union Stock Yards, Chicago, is now ready for distribution. There is over \$7,000 to be distributed, in cash prizes, besides medals, cups and diplomas.

The National Dairy show offers one of the best places in the world for exhibiting dairy stock, and breeders who are anxious to make known the merits of their herds should not fail to be present. No state fair gives the opportunity for meeting breeders, dairy-men and purchasers of dairy cattle that is offered by the Second National Dairy show. It is a place where practical, up-to-date dairymen gather from all parts of the country to study modern methods of dairying and to select cattle for the improvement of their herds. Those who exhibited at the First National Dairy show could not begin to supply their customers with cattle. This year the show will be much larger and better, and greater opportunity will be given to breeders for making known the merits of their cattle and to meet men who are anxious to purchase a high grade of stock.

Men who want to get in touch with the best purchasers of the country cannot afford to let this show go by without marking a good exhibit. There will be an opportunity for disposing of cattle at public sale, for there will be held on October 14th, 15th, 16th and 17th, auction sales of registered cattle. Never before in the history of dairy cattle has there been offered a better or more prominent way of bringing pure-bred stock before the American farmer and dairyman.

For further particulars and premium list write to Mr. E. Sudendorf, Room 307, 154 Washington St., Chicago, Ill.

SENSATIONAL SUICIDE.

Actor Ends His Life in Sight of an
Astonished Crowd.

Webster City, Ia., Aug. 28.—In sight of an astonished crowd Carl Pressley, an actor, made a bonfire of his paper money, threw his jewelry in the sewer and then announced to a group of friends that he was going to kill himself. He drew a revolver from his pocket, walked across the street and calling to a number of persons in the vicinity to watch him die, fired a bullet into his brain. He died instantly.

Ten Years in Bed.

WOMEN'S WOES

Brainerd Women are Finding Relief
at Last

It does seem that women have more than a fair share of aches and pain that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with aching pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. L. Peterson, wife of L. Peterson, janitor of the Columbian block, Brainerd, Minn., says: "I have given Doan's Kidney Pills a thorough trial and believe that this remedy is the most reliable preparation that exists for kidney trouble. I used to suffer from constant dull aching in the small of my back and loins and other symptoms which plainly indicated a disordered condition of the kidneys. I decided to try Doan's Kidney Pills and got a box at H. P. Dunn & Co.'s drug store. After using a few doses I felt better and in a few days the pain and other symptoms of kidney trouble disappeared. I believe that Doan's Kidney Pills have given me a new lease of life, and am so confident that this remedy will do the same in all cases of kidney trouble that I am advising every sufferer I meet to use it."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

SENSATION IS SPRUNG

Unwritten Law Declared to Be Foundation of All Law.

RESOLUTION TO THAT EFFECT

Introduced by a Boston Delegate at Meeting of American Bar Association—Too Much "Regulation" of Insurance Companies Condemned.

Portland, Me., Aug. 28.—A sensation was sprung at the meeting Tuesday of the American Bar association when Henry S. Dewey of Boston introduced a resolution containing articles of faith to the effect that the association teach that every good law is in harmony with the unwritten law, that the unwritten law is the word of God, that the real foundation of the common law of England is the unwritten law, and that this unwritten law is the real foundation of all good law since the beginning of the world. Action on the resolution was indefinitely postponed.

Too much "regulation" of the insurance companies of America was condemned in a report submitted by the committee on insurance law.

The committee found as a result of its investigation extending over a year that much of the "general, non-discriminating distrust of insurance companies and their management," which followed closely upon the heels of the insurance investigation, was "unreasonable and unmerited and due to the ignorance of the public respecting the principles upon which insurance is based and the methods which should be employed in supervising it."

A lively discussion was had on two recommendations offered by the committee, one calling for a federal statute forbidding the use of the United States mails to fraudulent insurance companies not licensed to transact business in the states where they are incorporated; the other calling for the apportionment and contingent distribution of the deferred dividend surplus on existing life policies of all companies as a condition precedent to the transaction of business outside of their home states. The first recommendation was lost when put to a vote and the second was tabled.

The feature of the debate was the opposition of Congressman Charles E. Littlefield of Maine, a director and counsel for the Equitable Life Assurance society, to the adoption of the recommendation on the deferred dividend surplus.

STRIKE OF TELEGRAPHERS

Latest Move Is a Proposal to Call Out Brokerage Operators.

New York, Aug. 28.—A proposal to call out all the telegraph operators employed by brokerage firms regardless of whether these firms have signed the union scale or not is the latest in the strike of the telegraphers. President Small received a message from Southern telegraphers urging that this step be taken. He replied that the men must remain at work until they had received further instructions from the governing body of the union and at the same time called a meeting of all the men employed in brokerage houses in New York, at which the question of whether they will join the strikers will be discussed.
